Payment Card Industry Data Security Standards (PCI DSS) Example Course Outline

Course Duration: 2 days

Prerequisites: Although it is useful for delegates to have some knowledge of PCI DSS concepts it is not essential as this area is covered by the course.

Overview: The course is designed for those with little or no knowledge of PCI DSS, who wish to gain sufficient knowledge to be able to understand implications on their business. The course is delivered at the customers premises.

Course Outline:

DAY 1

PCI Standards : understand the three PCI standards and how each applies to merchants.

PCI Requirements : introduction to the six goals and 12 requirements of PCI DSS.

PCI Compliance : tools and reporting requirements for compliance

PCI Best Practice : review steps to ensure compliance with PCI standard.

DAY 2

PCI Standards : identify touch points within your organisation.

PCI Requirements : review goals and requirements in specific reference to your organisation.

PCI Compliance : discuss relevant tools and reporting requirements for your organisation.

PCI Best Practice : Apply to your organisation.
